

Volunteer Vacancies

Nursery volunteer

- **Do you enjoy moving to music?** The children in the Robert Centre Nursery would love someone to come and help them sing and move to the music!
- **Do you have an interest in arts and crafts? Can you speak a language other than English? Can you play a musical instrument?** The children in our nursery love trying new things. Could you spare a few hours to show them your talents?
- **Do you like gardening?** Our nursery children love playing in the garden and seeing the flowers and vegetables grow. Could you spare a few hours a month to help inspire them?
- We like to take our **nursery children out on trips** to the local parks, playgrounds, museums etc. Could you help support practitioners to take children on trips which support the current topic to the local area so that they can experience a broader and real life understanding of the world.
- **Can you tell a good story?** Can you spare a few hours a month to tell stories to our nursery children? We have the story bags full of props – all you need is the imagination!
- **Helping children to develop** pencil control and learn their phonics will give them a real head start when they get to school. Can you spare a few hours a month to help them with their ABC's?

Contact Centre Volunteer

The supported Contact Service enables children to see their family members when they are not able to live with them. Could you spare a few hours on a Saturday to help this service? No special skills are needed – just an understanding approach and good observation skills.

Service User Involvement Volunteer

The Roberts Centre employs a Service User Involvement Worker (SUIW) to involve customers in the improvement of the Centre's services and ensuring their voices are heard and responded to. We are looking for volunteers to assist the SUIW to get feedback from Service Users. This feedback enables the Centre to evaluate its services and identify potential areas for improvement. We are looking for volunteers with excellent verbal and written skills, have a non-judgmental attitude and willingness to make telephone calls, assist with organising and facilitating focus groups and Service User training sessions.

Administration

Working with staff to assist with a variety of administrative tasks to ensure that the office runs in an efficient and organised manner.

Painting and Decorating

Are you a dab hand with a paintbrush? Would you be able to decorate our rooms so that children and families have a clean, bright environment when they use the centre?
